Father & Son – Two engineers on a journey of building nation sustainably and responsibly.

A scenic view of a lake, likely Lake Pichola in Udaipur, India. In the background, the City Palace of Udaipur is perched on a hill, its white and gold-colored buildings reflecting in the water. In the foreground, the calm surface of the lake is visible, with a small, ornate white pavilion (the Jag Mandir) floating in the middle ground. The sky is a clear blue with some wispy white clouds.
